

1. Find Issues Created Based on Relative Dates

- Created in the last 7 days:

Query: `created >= -7d`

Explanation: This query finds issues that were created within the past 7 days from today.

- Created in the last 30 days:

Query: `created >= -30d`

Explanation: This finds all issues created in the last 30 days.

- Created more than 90 days ago:

Query: `created <= -90d`

Explanation: This finds issues that were created more than 90 days ago.

2. Find Issues Resolved Between Specific Dates

- Resolved between Jan 1 and Mar 31, 2024:

Query: `resolved >= "2024-01-01" AND resolved <= "2024-03-31"`

Explanation: This finds issues resolved in Q1 of 2024.

- Resolved in the previous quarter:

Query: `resolved >= startOfQuarter(-1) AND resolved <= endOfQuarter(-1)`

Explanation: This dynamically gets issues resolved in the previous quarter.

- Resolved in the current year:

Query: `resolved >= startOfYear()`

Explanation: This finds issues resolved from January 1st of the current year to today.

3. Find Issues Due Between Specific Dates

- Due between March 1st and March 15th, 2025:

Query: `due >= "2025-03-01" AND due <= "2025-03-15"`

Explanation: This finds issues with due dates between March 1st and March 15th, 2025.

4. Find Issues in Multiple Statuses

- In "To Do", "In Progress", or "In Review":

Query: `status IN ("To Do", "In Progress", "In Review")`

Explanation: This finds all issues currently in any of the three specified statuses.

5. Find Issues with a Specific Status

- Status is "In Progress":

Query: status = "In Progress"

Explanation: This finds all issues that are currently marked as "In Progress".

6. Status Transition Query

- Status changed from "In Progress" to "Done" after March 1, 2024:

Query: status CHANGED FROM "In Progress" TO "Done" AFTER "2024-03-01"

Explanation: This finds issues that were transitioned from "In Progress" to "Done" after March 1, 2024. The date can be changed to suit your needs.

7. Keyword Search Query

- Issues containing "bug fix":

Query: text ~ "bug fix"

Explanation: This searches for issues where the keyword "bug fix" appears in the summary, description, or comments.

8. Completed Issues Query

- Done issues for current user in last month:

Query: status = Done AND assignee = currentUser() AND status CHANGED TO Done DURING (startOfMonth(-1), endOfMonth(-1))

Explanation: This finds issues assigned to the current user that were marked as Done during the previous calendar month.
